

# Pathways to Success:

## Vocational Counselling and Job Seeking

### HOW WE HELP

Unlock your full potential with our personalised career counselling and coaching approach. We dig deep to explore your unique strengths, empowering you with a comprehensive understanding of your skills, personality, and abilities, so you can confidently stand out and promote yourself to the right employers.

Reach your career goals and develop a personal brand you can be proud of through our tailored services, designed to empower you to navigate your path to fulfillment.

### WHAT WE OFFER

#### OUR SERVICES

##### **Career Exploration and Guidance:**

We help people find jobs that they will enjoy. We work with you to find what you like to do, and what you are good at, and then we make a plan to help you get the job you want.

##### **Vocational Assessment:**

We will help you find jobs that fit your skills, strengths, interests, and abilities. We review your employment options, training needs, and then make a plan to help you find a pathway forward.

##### **Resume and Cover Letter Creation and Support:**

We help you by creating top quality resume and application documents. Bringing a fresh focus on best practice and strategically highlighting your achievements and skills.

##### **Job Search Strategies:**

We help you learn how to find job openings for roles you want. This can be done online or through your network. We guide you, creating a plan and strategic approach, as you apply for and follow up roles of interest.

##### **Interview Preparation:**

We help you practice and get ready to ace interviews with potential employers. We coach you on what to talk about and how to promote yourself effectively so you will feel confident.

##### **Workplace Adjustment and Support:**

After you get a job, we stay in touch and make sure it is a good fit. If you need extra support, we are here to provide guidance.
